Overview

Daniel is an Associate in the Department of Public Law and Environmental Law at Dentons Muñoz Costa Rica. His experience particularly focuses on public and private consultancies in public law matters, administrative procedures before different government entities, contentious administrative and constitutional judicial processes, covering environmental, competition, customs, health and administrative contracting issues.

He has outstanding experience in processing administrative procedures before various state bodies, from the initial stages to the judicial processing of the various stages of the contentious process.

Activities and Affiliations

Community Involvement and Pro Bono

Daniel has also been concerned with undertaking different and social impact projects from his early college years, with experience in human rights issues, until making his contribution as a professional in those same projects.
