

Overview

Developers, investors, hospitality companies and other leading real estate players turn to Dentons Muñoz for the full complement of real estate legal services. Whether your project involves residential, commercial or mixed-use developments, investment properties, hotels, resorts, retail, multifamily housing or any other type of real estate, our team has the knowledge and experience to address every legal aspect.

We advise on all aspects related to direct and indirect investment, real estate funds, financing structures, and real estate development. From the acquisition of greenfields and build-to-suit arrangements to infrastructure development and commercial leasing transactions, we provide guidance throughout the entire process. Our team draws on significant experience structuring and negotiating lease agreements, closing sale-leaseback transactions and analyzing real estate investment portfolios.

In Central America or wherever else your business takes you, rely on us to handle your real estate legal needs, including:

- Environmental and regulatory compliance
- Due diligence
- Title verifications Leases
- Construction contracts
- Zoning and related permits
- Title insurance
- Dispute resolution
